In your opinion, what is the most significant issue facing Weston today?

The most significant issue facing Weston is to keep the property taxes as low as possible while maintaining the high quality and academic standards of the Weston School System.

Why are you running for this specific office and what do you bring to it?

I am running for this office because I am a 27-year resident of Weston and this is one way to give back to this great town. I bring a decade of knowledge of complicated zoning law and prior rulings to this position.

What is the most important issue this board/commission faces and how would you potentially address it?

The most important issue this Board faces is how to protect the fabric, character and heritage of our town, which can be addressed by objectively ruling on each individual case that comes before the ZBA.
