In your opinion, what is the most significant issue facing Weston today?

The most significant issue facing Weston is maintaining our rating as one of the best small towns in Ct while keeping property taxes affordable to current and future residents. Our town government of residents who volunteer to serve on our boards and commissions have to continue to maintain our excellent schools, infrastructure, and the safety of residents while being mindful of the costs.

Why are running for this specific office and what do you bring to it?

I am running for re-election to the Police Commission to continue to work to provide our town with a highly experienced, professional, and respected police department to ensure the safety of town residents and to maintain the positive relationship between our police officers and all of Weston's citizens. I will continue to be available to hear and act on resident questions and concerns about the department, safety, roads, and traffic issues.

What is the most important issue this board/commission faces and how would you potentially address it?

Several officers of the Police Department are eligible to retire in the next few years. One of the most important issues the Police Commission faces is hiring new officers who are experienced, professional, and respected, and understand our town and community policing.
